

Torchlight hike

Starry skies, a winter wonderland, and mystical shadows dancing in the dark pine forest - a torchlight hike is always a magical winter experience.

Enjoy an aromatic drink of Glühwein outdoors, served from the Kupferkessi. On request, we also serve locally made mountain cheese with bread, the speciality 'Hobelkäse' and tender dried meat.

Under the guidance of local guides and mountain guides, your group experiences a pleasant and peaceful evening hike, equipped with flaming torches in the serene winter landscape. Mystical shadows dance in the firelight as you delve deep into the cool winter night.

Bask in the evening glow of an open fire as you enjoy a warming hot drink from the 'Kupferkessi'. You are also invited to enjoy a taste of local specialties such as spicy dried meats, flavourful cheese and freshly made bread.
